10:10  Questions and Answers

10:30  *Break - Please visit the tabletops*

10:45  Workforce Resources Available to SME’s to address Your Cyber Needs -

>This discussion will address workforce gaps and development needs related to cybersecurity and local resources available to assist in closing those gaps. In addition, we are seeking contacts to participate in focus groups to assisting in understanding what the cyber workforce needs are, what is driving those needs, and what the industry perceives as possible solutions to address these needs. We want to hear the perspective of cyber resource providers and small-to-medium businesses.

11:30  Networking Lunch
Maintaining Compliance

12:15  Risk In An Ever-Changing Environment
NSF Global Business Solutions - Tony Giles & Rhia Dancel
This presentation will cover hidden risks organizations face through mobile devices, social media, and other platforms. It will demonstrate and discuss examples of each of these risks and provide ideas on how to mitigate them.

1:15  Networking Break - Please visit the tabletop displays to learn about resources available to you
