An Assessment of your company’s maturity across 5 key areas of smart production technology.

YOUR COMMITMENT
A one hour assessment during our in-person visit to identify the current and future state of your company’s maturity across 5 categories for smart production technology.

WHAT YOU RECEIVE
A outline of your i4.0 maturity across Smart Production (see graphic below) with recommendations for getting to the future state.

WHAT DOES IT LOOK LIKE?

The 5 categories
1) Data processing
2) Man to machine communication
3) Machine to machine communication
4) ICT infrastructures
5) Digitalization

Next Steps. Recommendations for project implementation to address gaps in i4.0 readiness.
